

# CONNECTING CASES

**VTS 203**

- Board connecting case
- 1x VGA on HD-15 f.
- 1x stereo audio on jack 3.5 mm f.
- 1x USB on USB A port
- 1x Ethernet on RJ-45 f. port
- 1x dry contact button
- 1x 230 VAC french wall socket

Below connection: Integration case with equivalent sockets of the front connections

**VTS 302**

- Double board connecting case
  - 1x VGA on HD-15 f.
  - 1x stereo audio on jack 3.5 mm f.
  - 1x Ethernet on RJ-45 f. port
  - 1x 230 VAC french wall socket
- Below connection: direct cables (no integration case)

**VTS 502**

- Board connecting case
- 1x VGA on HD-15 f.
- 1x stereo audio on jack 3.5 mm f.
- 1x Composite video on RCA f.
- 1x audio XLR on XLR f. socket
- 2x Ethernet on RJ-45 f. port
- 1x dry contact button
- 1x 230 VAC french wall socket

Below connection: Integration case with equivalent sockets of the front connections

**VTS 503**

- Board connecting case
  - 2x VGA on HD-15 f.
  - 2x stereo audio on jack 3.5 mm f.
  - 2x dry contact button
  - 2x 230 VAC french wall socket
- Below connection: Integration case with equivalent sockets of the front connections

**VTS 506**

- Board connecting case
- 1x VGA on HD-15 f.
- 1x stereo audio on jack 3.5 mm f.
- 2x Ethernet on RJ-45 f. port
- 1x dry contact button
- 2x 230 VAC french wall socket

Below connection: Integration case with equivalent sockets of the front connections

**VTS 601**

- Board connecting case
  - 1x 230 VAC french wall socket
  - Cables to pull directly to connect the devices
  - 1 VGA cable, 1 USB cable, 1 audio cable, 2 RJ-45 cables
  - Pull-down lid
- Below connection: direct cables (no integration case)

# CONNECTING CASES

## VTB 6079U

Board connecting cases  
 Pull-down lid  
 1x VGA on HD-15 f.  
 1x stereo audio on jack 3.5 mm f.  
 1x USB on USB A port  
 2x Ethernet on RJ-45 f. port  
 1x dry contact button  
 1x 230 VAC french wall socket  
 Below connection: Integration case with equivalent sockets of the front connections

## VTC 7039

Connecting case for wall recess  
 1x VGA on HD-15 f.  
 1x stereo audio on jack 3.5 mm f.  
 2x Ethernet on RJ-45 f. port  
 1x Composite video on 1 RCA f.  
 1x stereo audio on 2 RCA f.  
 1x dry contact button  
 1x 230 VAC french wall socket  
 Below connection: Integration case with equivalent sockets of the front connections

## VTC 7529

Connecting case sub-board  
 1x VGA on HD-15 f.  
 1x stereo audio on jack 2 RCA f.  
 1x Ethernet on RJ-45 f. port  
 1x dry contact button  
 1x 230 VAC french wall socket  
 Below connection: Integration case with equivalent sockets of the front connections

## VTD 3609

Connecting case of **motorized** board  
 1x VGA on HD-15 f.  
 1x stereo audio on jack 3.5 mm f.  
 2x Ethernet on RJ-45 f. port  
 1x Composite video and stereo audio on RCA f.  
 1x dry contact button  
 2x 230 VAC french wall sockets  
 Command by up/down button or by RS-485 through automaton type **VITY MBC®**  
 Below connection: Integration case with equivalent sockets of the front connections

## VTP Series

**VTP-8010P**  
Switch 3 positions

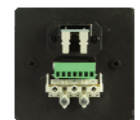

**VTP-8030P**  
1 VGA, 1 A/V, 1 push button

**VTP-8059P**  
1 230 VAC french wall socket

**VTP-8070P**  
1 VGA, 1 A/V, 1 RJ-45  
**VTP-8072P** (Id. VTP-8070P with 2RJ-45)

**VTP-8120P**  
1 VGA, 1 Jack 3.5 audio, 1 push button

**VTP-8130P**  
1 VGA, 1 Jack 3.5 audio, 1 RJ-45

**VTP-8170P**  
1 XLR 3 pins  
**VTP-8180:** 2 XLR 3 pins

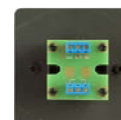

**VTP-8190P**  
2 RJ-45

**VTP-8200**  
5 BNC

**VTP-8230P**  
Rotating button for volume control

**VTP-8250P**  
2 VGA  
**VTP-8260P:** 1 VGA

**VTP-8280P**  
3 RCA for video and stereo audio
